FEE FOR SERVICE GUIDE

Focused Applied Behaviour Analysis (ABA) - Focused ABA therapy works to reduce challenging behaviour and/or develop new skills.

Assessment – can be purchased alone or is the first step in a Behavioural Intervention. An assessment includes:

- Parent/caregiver interview
- Direct observation
- Summary report.

Fee: Assessment \$400

After assessment a recommendation will be provided by the Clinical Supervisor as to the needs of the child and family. Packages will be developed based on the recommendations that include:

- Intervention/treatment
- Parent training/generalization
- Summary report

Fee: Intervention \$80.00/hour

Verbal Behavior Milestones Assessment and Placement Program (VB-MAPP) or Assessment of Basic Language and Learning Skills-Revised (ABLLS-R) - Typically used for children 2-5 years old to assess their strengths and needs in many areas. This information can be used to help prioritize intervention needs, guide an Individual Behaviour Plan and track progress. This includes

- Parent/caregiver interview,
- Direct observation
- Testing with a summary report

Fee: \$1350

Comprehensive Early Learning - Children up to age 5 will receive one-to-one intervention. Programming is developed by a Senior Therapist. Process starts with an assessment [see above (\$1350)] to ensure this is the right program for your child and suggest a level of intensity. Program includes

- programming
- progress reports
- parent training

Fee: \$75.00/hour
