

**SCHUUR, Nancy**

**DUNNVILLE**

Nancy joined the Board of Directors in September 2019.

Nancy is a single mother of two beautiful boys. She is deeply involved in community work as an active citizen through the Dunnville Bridges Initiative where she works to create space alongside individuals for social change.

Nancy was employed at The Salvation Army Family Services Dunnville as an Emergency Housing Support Worker where she supported homeless and potential homeless individuals and families. She advocated for these individuals by referring them to other support agencies, advocated for income, supported in placement in shelter programs and helped search for sustainable housing solutions.

Nancy's best advice ever received was to live life as her true self because only then can you give your whole self to what you love.

*supporting children, families, communities*
